EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1 and 10, line 8, "flors" has been changed to -floors--.

Claim 14, line 6, "the" has been changed to -a--.

Claim 14, line 10, "a" has been changed to -the--.

The following is an examiner's statement of reasons for allowance: for claims 1, 10, 14, and 19, it is the inclusion of the method step determining substantially the total number of building occupants by a destination call id device from which calls are fed into a control unit and allocated to elevators, an elevator user being transported to a destination floor and the number of elevator users being counted and stored in a memory. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
